

# Project : **Unity in Diversity: Dynamic English**

Our Project aim is to make teaching environment dynamic and entertaining by providing creative and attractive activities..Also , it aims at gaining different experiences with pluralistic and innovative approaches so that teaching will be permanent. While doing this, Ss and Ts will use ICT tools and innovative approaches into the lessons and get interaction each others with their foreign language English .The last but not least area of this Project is that it offers different activities from different cultures on the same subjects which will make us realize the idea of 'unity in diversity' with English. For short, our Project theme is creating dynamic ,attractive, innovative and contemporary teaching -learning environment in our FL classes besides providing real experiences such as penpal,video conferanses or online chats.
